

All Stake Supply

Mesh Guard

FEATURES/BENEFITS:

- A strong UV stabilised polypropylene mesh style tree guard the guard comes pre-cut or on a roll
- The 25metre roll is used by the National Parks and Wildlife Service as a 1.35m tree guard to protect plants from wallabies and rabbits. It's popular because it can be cut to size
- Two bamboo (10-12mm x 75cm), hardwood stakes (17 x 17mm 75cm), or steel fence posts required for each mesh guard

SPECIFICATIONS:

Guard layed flat	450mm x 400mm	Mesh Size 20mm square
Roll	600mm x 25metres	Mesh Size 20mm square

Cardboard Milk Cartons
