

TURF REINFORCEMENT MESH

TR4

SPECIFICATION SHEET

Description: TR4 is a flexible lightweight turf reinforcement mesh designed to allow trafficking on grassed areas when normally this would not be considered. Easy to install and maintain TR4 turf reinforcement mesh work best when applied to areas that are reasonably flat, even, well drained and with well-established grass growth.

CHARACTERISTICS	DATA	
Structure	Hexagonal	
Polymer	HDPE	
Recycled Product Used	Yes	
Ecology Influence	Environmentally Neutral	
Production & quality Control	GB/T 9001-2008 / ISO 9001-2008	
Securing Method	Steel Fastening Pins 200mm	
UV Stabilised	Yes	
Weight	660g/m ²	
Roll Lengths	10 metres	30 metres
Roll Widths	1 metre	2 metres
Roll Weight	4.3kg	25.8kg
Mesh Size	24mm x 24mm	24mm x 24mm

All data figures are nominal and are given in good faith. All Stake Supply reserves the right to amend any data without prior notice. Product variances are provided as a guide and normal production and product characteristics are within these parameters.

Manufacturing tolerances (maximum +/-) to length and width apply to the final dimensions of this product. Length +50cm. Width +5cm/-2cm. Specification Data is obtained from routine production sampling, therefore figures are nominal and may not necessarily be representative of the product supplied but will be within manufacturing tolerances.

Please note that the information above is given as a guide only. All Stake Supply cannot be liable for damage caused by incorrect installation of this product. Final determination of the suitability of any information or material for the use contemplated and the manner of its use is the sole responsibility of the user and the user must assume all risk and responsibility in connection therewith.
